

SHEEJA PS

Junior Software Developer

Career Objective

Detail-oriented Junior Software Developer with hands-on **experience in OpenERP 7 (Odoo v7)**, specializing in backend development and workflow automation. Skilled in customizing Odoo modules, developing efficient business logic, and creating user-friendly reports and interfaces. Currently updating skills in **modern Odoo versions (v16–v17)** to deliver optimized, scalable ERP solutions that enhance business efficiency.

Work Experience

Vidya Academy of Science And Technology, Thalakkottukara

Junior Software Developer

March 2023 - Present

- Developed and customized modules in **OpenERP 7 (Odoo v7)** to enhance and automate key business processes.
- Implemented robust backend logic using Python and the **OpenERP ORM** for effective workflow and data management.
- Configured **security rules, access rights, and multi-level approval processes** to ensure secure data handling.
- Designed and delivered **custom reports and interfaces** using **XML, RML, and early QWeb templates** for business insights.
- Provided end-user and functional team support during **testing, deployment, and user training** phases.
- Currently expanding expertise in modern **Odoo versions (v16–v17)**, focusing on the new **ORM API, decorators, and QWeb reporting**.
